

# Streams in the Desert

Dan & Noreen McGaffee Spring Newsletter 2006  
Missionaries to Namibia

## Bible College Ministry

The glow of the early morning sun penetrated through the library windows where the students intently wrote their final exams. We have just completed our March class sessions at NAMTI, Namibia Training Institute. This begins the second year of training at the Assemblies of God Bible College. Dan taught Romans and Galatians and assisted with principles of biblical interpretation. The lessons and interaction with the students were touched by the presence of the Lord!

*Students taking their final exams*

Presently, there are seven students enrolled, an increase of four from last year. Some are active in pastoral ministry; others are new in their Christian walk. However, they have heard the gracious call of the Master to be co laborers with Him! Although the numbers are small, streams of His presence are beginning to flow in greater measure! Keep praying with us for more men and women to be trained for ministry here in Namibia. The need is great!

*Streams in the desert have enhanced the beauty of this Windhoek suburb as evening settles in*

## Family Update

Our son Mark will soon be returning stateside to graduate from High School and plans to attend California State University, Chico this fall. He has been a tremendous help to Mom and Dad in regard to his computer skills. In February, he worked with a construction team from the States, building

bunk beds for the Bible college. His fellowship and light hearted humor will be deeply missed. Joel, our oldest son, is completing his 2nd year at Fresno State University. He is sensing the Lord directing him into ministry and probably will be transferring to a Bible college this fall. Hannah, Kristen and Lydia are attending school here in Namibia. Hannah is a sophomore in high school, Kristen is in 6th grade and Lydia is in 3rd. Noreen's gift of hospitality has had numerous occasions to bring delight to those in need. Her organizational skills in and outside the home, are indispensable to family life and ministry. She is a blessing!

*Mark with the Bible College construction crew*

## Prayer Requests

We are extremely grateful to the Lord for your willingness to present the needs of Namibia and our family before the Lord.

1. Please continue to pray for more pastors to be called
2. Direction regarding church planting
3. The message of the Lord to spread rapidly
4. The Lord's guidance, grace and provision for our kids in relation to school needs.

Our hearts overflow with gratitude to the Lord for your loving partnership with us! The gospel is being preached, disciples are being made, and the Lord Jesus is being exalted! His grace and peace be yours abundantly,
